

WHY WE LOVE NETIVOT!

Just under two years ago, we relocated from Vancouver here, to send our kids to Netivot. While the strategic plan and mission of the school align well with our family; it is the dedication of the teachers in the classroom that complete the circle. We are frequently asked by friends and family if leaving the beauty of the west coast was worth it, if we are happy with our school. The answer is a resounding YES! We are thrilled with the well rounded education that includes STEAM, music, art and phys. Ed. Each student is catered to their social, emotional and academic needs, to help them flourish and shine.

-Mahla Finkleman, Current Parent

Only since making Aliya did I truly realize what unique and exceptional staff we have at Netivot. It became apparent from my children's first day of school in Israel how much Hebrew they learned at Netivot. Whereas most Olim students need hours of remediation to follow what goes on in an Israeli classroom, my kids are able to stay afloat on their own in their new classes, to the surprise of all the staff at their new school.

- Chana Spindel, Past Parent

Enrolling our son in Netivot was more than choosing a school, it was joining a family. Netivot has been there with us every step of the way. The highly skilled and well-rounded staff each has their own unique role in making our school run smoothly each and every day. Walking through the same halls I spent my own childhood in, I can say the school has stayed true to its roots and we are confident this was the right choice for our family.

- Robyn Recht, Alumni and Current Parent

You had me at "Shalom". Right from the start, my son has been really engaged intellectually. In Hebrew studies, I love the way in which the head of school regularly visits his class and presents the students with challenging questions on the Parsha, holidays and general halachic issues. These discussions also make their way home and to our Shabbat and holiday table-amazing. Netivot is full of teachers who were born to teach; it is so refreshing to be counted among other families who are equally committed to the Jewish people, Israel and Jewish living.

- Laura Cohen, Past Parent

WHY WE LOVE NETIVOT!

We are so grateful for the many years of love, dedication, generosity, role modelling, and expertise the Netivot staff have given our children. You took the time to really see them for who they are. Years after their graduation, the older boys are flourishing as whole people and as Jews, and I attribute this to the strong foundation and the positive experience they received at Netivot. We look back on our 15 years at the school with joy and great appreciation for the many big and small moments of wonder and growth. We will miss the incredible group of people that are the Netivot staff. Thank you from the bottom of our hearts.

- Rachel Cousineau and Daniel Horowitz, Past parents

Over our six years at Netivot, we have watched our children grow in an environment that combines playfulness with academic rigor and meaningful Torah learning. One of our favourite Shabbat moments is doing Parsha Stars together and seeing how excited our kids are to share with us what they have learned about the parsha that week. It is incredibly meaningful to see their enthusiasm for learning and the pride they take in sharing it with us.

- Micha and Sean Haber, Current Parents

Our family's Netivot experience was extremely rewarding in so many ways. We found that Netivot strives to instil in each of its students a love of learning and a desire to achieve the highest level of academic excellence both in General and Judaic studies. My daughter, thrived at Netivot, both academically and socially, and she internalized wonderful Jewish values that have and will continue to influence and enhance her life.

- Bernice Walerstein, Past Parent

Upon reflection of my childrens' current journey at Netivot Hatorah, I am reminded of their mission statement that underlines the importance of the development of " the whole child". Netivot continually works to provide their students' and families, with an inclusive approach that is tailored to the success of each student. This school has been instrumental in providing our children a place to thrive academically and within Torah values. We feel grateful to the staff and administration at Netivot and truly proud to be part of their community. #netivotproud
